MARCH 2025 WORKSHOP PROJECTS—*continued*

Car Care Accessories—\$8.00

Does your garage/workshop need some new supplies?

Join ***Janine*** to make all the accessories shown in the picture below!

TOOLS:

general tool box

sanding stick/sandpaper

scissors

tacky glue

exacto/craft knife

Acrylic paints:

black; blue; red; gold; green; yellow

Janine will have the paint colours on the day, so don't go out and buy them if you don't have any!

DIY Gilding Wax—\$12.00 for 4 pots

Karen B. will be showing you how to make an easy, quite effective coloured, shimmering gilding wax.

This formula, after many (many) experiments, gives a wonderful shimmer especially on wood, paper and some other surfaces! Highlight embossed designs, edges of items or even flat surfaces to create a colourful, subtle shimmer.

Please Note: because of the ingredients, this project will have to be done at the Workshop—the wax & glue binder needed are in large containers from which you will take what you need to make the gilding wax.

Also this is NOT Rub 'n Buff & I do not claim this will work on metals, glass or plastics, as it is a wax!

Each kit includes 4 pots with a protective liner, spoons, stir sticks, mixing cups, plus a choice of at least 20 (odd) coloured mica powders, including a few different shades of gold, plus a few extra bits.....

TOOLS: NONE!

Everything needed (& a bit more) is included in the kit!
